### Abstract

Breast Cancer is a Jinn (Demonic) Possession. The sins are the open door for the Jinn Possession. Doctors cannot cure. **“And when I am ill, it is He (Allah) Who cures me.”** (Qur’an, Ash-Shua’ra 26:80). Doctors cannot remove the Evil Jinn. Satan said: **“Indeed, I fear Allah, Lord of the worlds.”** (Qur’an, Al-Hashr 59:16)

Medicine contributes to the disease progression and creates the disease after disease.

Doctors cannot remove the sins. Sins cause the diseases. “A trial is not sent down but due to a sin, and it is not lifted but with repentance.” (al-Jawab al-Kafi 1/74). With wrong medicine and expensive medical bills patients become more sick or die, bankrupt. The Ultimate Cure is with the Creator: Ruqyah and Negative Ions, both in the Noble Qur’an, and Prophetic Medicine. Charity Removes Evil, Disasters, Sickness and Unfortunate Incidences!

The patients should repent, stop the sins, restore people’s right and honor, follow the Qur’an and Sunnah for their own benefits and salvation from the Hellfire. New Healthcare Reform is needed.

### Introduction

Hadith says:

“Allah has not sent down any disease but He has also sent down the cure; the one who knows it, knows it and the one who does not know it, does not know it.” (Ahmad; classed as Hasan by al-Albani in Ghaayat al-Maraam, no. 292). Doctors do not know that the diseases are sent down by the Creator because of the sins.

Doctors do not know that Breast Cancer is a Jinn (Demonic) Possession and that the cure is only by Allah, the Most High, Who sent the disease to expiate the sins.

The father of the Western medicine, Hippocrates, warned that the medical treatment doesn’t work on the Demons [1]. Almighty Allah sent down the Noble Qur’an, which is the Ultimate Cure from all diseases. Demons are afraid of Allah only. Medicine didn’t follow Hippocrates and didn’t follow Divine Cure.

### Breast cancer is an expiration of the sins

In my book “Disease is an Expiation of the Sins” I have described 351 sins with their effects and consequences [2].

When the servant performs a sin, a black spot appears on his heart, and if he seeks forgiveness this black spot is

removed, and if he returns to sin, the black spot grows until his heart becomes black.

“Beware! There is a piece of flesh in the body if it becomes good (reformed), the whole body becomes good but if it gets spoilt, the whole body gets spoilt and that is the heart.” (Bukhari 52)

“No! Rather, the stain has covered their hearts of that which they were earning.” (Qur’an, Al-Mutaffifin 83:14)

The heart becomes sick when presented with doubts and desires. The doubts and desires involve the Evil Jinn. The hearts, weakened and hardened by doubts and desires, becomes distant from Faith and therefore, what is thrown in by Satan becomes a trial for them [3].

“What comes to you of good is from Allah, but what comes to you of evil, (O man), is from yourself. And We have sent you, (O Muhammad), to the people as a messenger, and sufficient is Allah as Witness.” (Qur’an, An-Nisa 4:79)

The heart, becoming defective and weak, revolves around two basic matters: the corruption of knowledge and the corruption of intent. These in turn lead to two destructive illnesses - anger and misguidance.

Shaykh al-Islam Ibn Taymiyyah (may Allah have mercy on him) said:

“Allah says (interpretation of the meaning):

“Whatever of good reaches you, is from Allah.” (Qur’an, An-Nisa 4:79)

i.e., what reaches you of victory, provision and wellbeing, comes from Allah, a blessing that He has bestowed upon you; even if it is because of your good deeds, He is the One Who has guided you, helped you, made things easy for you, blessed you with faith and made it attractive to you, and has made disbelief, evil and sin hateful to you.”

The life of the heart and its illumination is the cause of all good to be found in it and its death and darkness is the cause of all evil to be found in it. There can never be any happiness, joy or correction for it, unless it makes its sole object of worship Allah alone. This can never be perfected except through purification of heart, repentance and its relinquishing itself from all types of false love and despicable manners. This can never be attained except through striving hard against one’s soul that incites towards evil and combating the Satan; knowing their plots and objectives, and safeguarding oneself from them

through remembrance of Allah, the Exalted, and seeking refuge with Him from them.”

## The major and minor sins

In my book “Disease is an Expiation of the Sins”, by the grace of Almighty Allah, I have described 351 sins with their effects and consequences.

Every sin is a disobedience to Allah.

The Major sins are those acts which have been forbidden by Allah in the Qur’an and by His Messenger (peace and blessings be upon him) in the Sunnah.

Minor sins on the other hand are those actions, which displease Allah, the Most High.

Minor sin in the certain conditions becomes Major sin: the continuous committing of Minor sins, if the thief has stolen last money from the poor person, etc.

That’s why you find falling into Major sins causes misery, calamity and disease [4,5].

“And whoever among you does wrong, We shall make him taste a great torment.” (Qur’an, Al-Furqan 25:19)

“Allah is the Protector of those who believe. He brings them out from the darkness into the light. But as for those who disbelieve their protectors are false deities, they bring them out from the light into the darkness.” (Qur’an, Al-Baqarah 2: 257)

“Those who avoid the major sins and immoralities, only (committing) slight ones. Indeed, your Lord is vast in forgiveness. He was most knowing of you when He produced you from the earth and when you were fetuses in the wombs of your mothers. So, do not claim yourselves to be pure; He is most knowing of who fears Him.” (Qur’an, An-Najm 53:32)

We should always remember that we are under constant camera, every word and action are registered by the angels instantly.

Every person has five angels: one on the right shoulder, recording his good deeds (saying and acting); one on the left shoulder, recording his bad deeds, one in front and one behind to protect him and one whispering him to do good deeds.

“And indeed, (appointed) over you are keepers (angels), Noble and recording; They know whatever you do.” (Qur’an, Al-Infitar 82:10-12)

And Allah, the Most High, knows what is in our heart, in our mind and our intention.

Every person has his own Demon, named Qareen, attached to him since his birth, inciting him to do the evil deeds, he is our worst enemy, we should be aware about his waswas (whisper) and do not act upon it. And we face the Evil Jinn among Jinn and mankind.

The purpose of the Evil Jinn is to misguide people and bring maximum people to the Hellfire.

Those, who follow Allah's commands and prohibitions and do good deeds, will receive more Allah's blessings, their lifespan will be extended and provisions increased and they will be happy and successful in this temporary life and in the Hereafter, they will be in the eternal Paradise. The Noble Qur'an and the last Messenger of Allah were sent to all mankind, not only to Muslims, and it is a Guidance for the believers to the eternal Paradise and Warning for the disbelievers about the Day of Judgment and eternal Hellfire.

Islam is not one of the religions. Islam is a Deen, the code of life for entire humanity [6].

Allah has distinguished the Truth from falsehood.

Almighty Allah created the first man with His Own Hands with the only one purpose, which is to worship Him and He, the Most High, has chosen Islam as a Deen, the complete code of life for entire mankind. He, our Creator, asked us only to worship Him and He, the Most High, will place us in the eternal Paradise if we follow the Noble Qur'an and Sunnah.

**"And I (Allah) created not the Jinn and humans except they should worship Me (Alone)."** (Qur'an, Adh-Dhariyat 51:56)

**"This day I have perfected for you your religion and completed My favor upon you and have approved for you Islam as religion."** (Qur'an, Al-Ma'idah 5:3)

Allah, the Supreme Wisdom, created this short temporary life only to test us; and which of us good in deeds, will enter Paradise.

**"(He) who created death and life to test you (as to) which of you is best in deed - and He is the Exalted in Might, the Forgiving."** (Qur'an, Al-Mulk 67:2)

Islam is not one of the religions.

ISLAM is a DEEN, a complete code of life for all mankind!

ISLAM is the straight path to the eternal Paradise.

The Noble Qur'an is a Divine Revelation for all peoples!

**"And whoever desires other than Islam as religion - never will it be accepted from him, and he, in the Hereafter, will be among the losers."** (Qur'an, Al 'Imran 3:85)

Man's goal is to seek communion with Allah, the Absolute Reality and to achieve this, humans must rid itself of its innate self-consciousness, self-sufficiency, selfishness, self-interest, and concentrate and prepare himself to the eternal life in the Paradise after death, which is only with Allah, Glorified and Exalted.

And the record (of deeds) will be placed (open), and you will see the criminals fearful of that within it, and they will say, "Oh, woe to us! What is this book that leaves nothing small or great except that it has enumerated it?" And they will find what they did present (before them). And your Lord does injustice to no one." (Qur'an, Al-Kahf 18:49)

"Shall I inform you upon whom the devils descend? They descend upon every big slanderer and sinner." (Qur'an, Ash-Shu'ara 26:221-222)

The Prophet (peace and blessings be upon him) said that Allah, the Most High, said:

"O My slaves, they are merely your actions which I am recording for you, then I will require you for them. Whoever finds it to be good, let him praise Allah, and whoever finds it to be otherwise, let him blame no one but himself." (Muslim 2577)

"There is no compulsion in religion. Verily, the Right Path has become distinct from the wrong path. Whoever disbelieves in taghut (false gods) and believes in Allah, then he has grasped the most trustworthy handhold that will never break." (Qur'an Al-Baqarah 2:256)

"Whosoever does righteous good deeds, it is for (the benefit of) his ownself; and whosoever does evil, it is against his ownself. And your Lord is not at all unjust to (His) slaves." (Qur'an, Fussilat 41:46)

Paradise is with Allah and Hellfire for those who are not with Allah.

### Effects and consequences of the sins

Effects and Consequences of the Sins described in details in my book "Disease is an Expiation of the Sins" available online.

Almighty Allah says:

"And whoever is blinded from remembrance of the Most Merciful - We appoint for him a devil, and he is to him a companion. And indeed, the devils avert them from the way (of guidance) while they think that they are (rightly) guided." (Qur'an, Az-Zukhruf 43:36-38)

"And whoever turns away from My remembrance - indeed, he will have a depressed life, and We will gather him on the Day of Resurrection blind." (Qur'an, Taha 20:124)

"Evil (sins and disobedience to Allah) has appeared on land and sea because of what the hands of men have earned (by oppression and evil deeds), that He (Allah) may make them taste a part of that which they have done, in order that they may return (by repenting to Allah, and begging His Pardon)." (Qur'an, Al-Rum 30:41)

"But those who disbelieve, (in the Oneness of Allah - Islamic Monotheism) for them will be the Fire of Hell.

Neither it will have a complete killing effect on them so that they die, nor shall its torment be lightened for them. Thus, do We requite every disbeliever!" (Qur'an, Fatir 35:36)

## Repentance

Ibn Al-Qayyim (may Allah have mercy on him) said:

**"Know for certain that when you break no one will heal you except you."**

As Allah, the Creator of all things, sent down the diseases as an expiation of the sins, we should turn to Allah (not to the doctors) asking for the forgiveness and cure, follow Allah's commands and prohibitions after stopping the Sins, restoring the people's rights and honor.

"But whosoever repents after his crime and does righteous good deeds (by obeying Allah), then verily, Allah will pardon him (accept his repentance). Verily, Allah is Oft Forgiving, Most Merciful." (Qur'an, Al-Ma'idah 5:39)

"A trial is not sent down except due to a sin, and it is not lifted except with repentance." (Ali Ibn Abi Talib)

Charity, good deeds extinguish the sins. Calamities expiate sins, if that is accompanied by prayers and patience, a person will be rewarded for his patience in the face of those calamities and the disaster itself will be expiation for his sins. Repentance of the sins described in details in my book "Disease is an Expiation of the Sins" available online.

## Cancer is a jinn (demonic) possession

It is only in the Qur'an and Sunnah (saying and actions of the last Messenger of Allah) we can learn about the Unseen World of Jinn, living besides mankind, interfering and interpenetrating in all aspects of the human life, mostly causing all kind of problems.

Most of them are Evil, and their purpose is to misguide and bring maximum people to the Hellfire.

Jinn Possession Signs and Symptoms are described in details in my book "Cancer is a Jinn (Demonic) Possession, The Ultimate Cure" available online [7].

Cancer is not genetic disease. There is no Cancer predisposition. The Demons can cause any kind of genetic mutation. Diagnosis of the Jinn Diseases are done by the recitation of the Noble Qur'an, application of the Negative Ions, and Jinn Possession symptoms.

I. REACTION TO THE QUR'AN: hatred, headache, episodes of losing consciousness and/or epileptic attacks, turning away and reacting strongly, aggression, etc., when hearing Qur'an or Azhan (call for the prayer). Jinn may speak when Ruqyah is recited.

II. REACTION TO THE NEGATIVE IONS: sudden change of the behavior, aggression, refusal or removal of the Negative Ions products.

## Medicine contributes to the disease progression

Breast Cancer is a Jinn (Demonic) Possession. Hippocrates warned that medicine doesn't work on Demon

The sins are the open door for the Jinn Possession. Doctors cannot cure. **"And when I am ill, it is He (Allah) Who cures me."** (Qur'an, Ash-Shua'ra 26:80)

Doctors cannot remove the Evil Jinn.

Satan said: **"Indeed, I fear Allah, Lord of the worlds."** (Qur'an, Al-Hashr 59:16).

Medicine contributes to the disease progression as excites the Evil Jinn and the excited Jinn spread more the disease.

Instead of the Divine Cure, doctors use the medical weapons (surgery, chemotherapy, vaccines, immunotherapy, radiotherapy, hormonotherapy) to make patients sicker and die.

Demons are created from the smokeless fire, invisible, can pass from invisible to any visible forms, jump from one side to another (from one breast to the opposite breast), can spread Cancer from the invisible start point, cause spontaneous genetic mutations, corrupt the body.

We cannot cut the Demon!

Shaykh Nazim, carrying knowledge of the Prophetic Medicine, said that "if we touch the Cancer, it will go crazy. Instead of going slowly, if we touch it with a knife the Cancer will go wild and spread [8].

Medicine creates the disease after disease, including new Cancer, due to the severe side effects.

Doctors cannot remove the sins. Sins cause the diseases.

**"A trial is not sent down but due to a sin, and it is not lifted but with repentance."** (al-Jawab al-Kafi 1/74)

Ibn Taymiyyah (may Allah have mercy on him) said in 13th century:

"Jinn Possession has been well-documented since Hippocrates period. But the term Jinn Possession is seldom mentioned in Medicine. Instead, the doctors speak about the diseases with unknown causes and their symptoms are treated with drugs which take effect by turning the patients into virtual vegetables."

The "Jinn Possession" medical term doesn't exist in medicine until now.

Medical education doesn't have any courses about the Ultimate Cure from all diseases: Ruqyah, Negative Ions and Prophetic Medicine.

With wrong medicine and expensive medical bills patients become more sick or die, bankrupt.

There are few doctors who started to question the efficacy of chemotherapy: "Does Chemotherapy Induce Metastases?" [9,10].

I have described a case of the Cancer progression under different medical treatments, approved by FDA.

## Case 1

56 y-old woman with stage IV invasive ductal carcinoma of the right Breast has metastasis to the brain, bones, the contralateral breast, the skin, and soft tissues. Multiple subcutaneous nodules are palpable on the scalp, face, neck, trunk, axilla, upper abdomen, thigh, and back. After initial right lumpectomy, the patient has received hormonal treatment, chemotherapy, and radiotherapy in the past 16 months. However, the disease has progressed relentlessly. Lesions from the skin are consistent with breast cancer, expressing the same receptors as the primary tumor. Cutaneous metastatic breast cancer is relatively uncommon, with the most likely site of manifestation being the chest wall, making diffuse cutaneous manifestations. Swelling of the face and back pain [11].

Anti-Cancer Treatment is aggressive, contributes to the disease progression, expensive: is a Major Sin. Allah, the Owner of all things, prohibited to harm the body and soul which belong to Him.

## Forgotten hippocrates oath

And the doctors saying "remember what it says in the Hippocratic Oath: "First, do not harm", but that isn't in the Hippocratic Oath. That is just an old Latin saying.

The Hippocratic Oath was written by Hippocrates, Greek physician of the Age of Pericles, and the first part of the Oath states:

"I will prescribe regimens for the good of my patients according to my ability and my judgment and never do harm to anyone."

So really, if we took a similar Oath to never harm anyone, we would be well on the way.

It is interesting that for over two thousand years, that statement was part of the Oath, but it's no longer there, possibly because there is another portion that is now missing:

"I will not give a lethal drug to anyone if I am asked, nor will I advise such a plan; and similarly, I will not give a woman a potion to cause an abortion."

People of the medical education program didn't follow Hippocrates!

## Miraculous negative ions treatment

oAllah, the Creator of all things, created the beautiful nature for us with the healing power due to the high concentration of the Negative Ions: waterfalls, ocean, forest, mountain, thunderstorm, rain.

Negative Ions are in the Noble Qur'an:

Allah the Almighty "...sent down upon you from the sky, rain by which to purify you and remove from you the evil (suggestions) of Satan and to make steadfast your hearts and plant firmly thereby your feet." (Qur'an, Al-Anfal 8:11)

There are more and more different Negative Ions commercial products, the commerce has been doing better than medicine, while the doctors are unaware about the Negative Ions, except few.

As the Negative Ions, rain in the Qur'an, remove the Satan from the human body, the Evil Jinn is composed of more Positive Ions.

Negative Ions Treatment were described in my books "Infertility Caused by Decreased Oxygen Utilization and Jinn (Demon)", "Disease is an Expiation of the Sins", "Cancer is a Jinn (Demonic) Possession. The Ultimate Cure" and in my articles. (12-16)

"AND WHEN I AM ILL, IT IS HE WHO CURES ME."

Almighty Allah says:

“And We send down of the Qur’an that which is healing and mercy for the believers, but it does not increase the wrongdoers except in loss.” (Qur’an, Al-Isra 17:82)

Divine Cure is the most efficient, complete, doesn’t leave any traces of the disease, simple and free of cost. Recitation of the Qur’an brings Allah’s rewards and Paradise. God created beautiful nature: sea, waterfalls, mountains, forests, rain, trees, flowers, herbs, with amazing healing power due to the high concentration of the Negative Ions.

## Case 2

Nouman Ali Khan, an American speaker and Arabic instructor who founded The Bayyinah Institute for Arabic and Qur’anic Studies reported the case: “His cancer was cured by Du’a” [17].

## Case 3

Nouman Khan, Allah Removes The Cancer - True Story. Make Almighty Allah happy and you will be the happiest person [18].

## Case 4

Layla was cured instantly from the terminal stage of the Breast Cancer by Almighty in Makkah.

“The disease has spread all over my body.” I could hardly breathe because of the swelling.” “Something unbelievable happened.” “when I went to Allah’s Holy place and asked Him to cure me, the cancer had all gone.” [19].

## Case 5

Allah cured his disease because of Charity!!! ~ Powerful Daily Reminder

Shaykh Nazim, the expert of the Prophetic Medicine, said, “As long as physicians and researchers are searching, they will find more illnesses and more medicines and treatments against them. It will be impossible to make a limit. The number of illnesses and treatments have reached a climax. The physicians and scientists tired and they are coming to a point of becoming hopeless to be able to prevent the spreading of illnesses or to control them.

First treatment: they must believe in Allah, the Lord of the Universes and His Prophets, the Only One Who cures. Disbelief brings endless reasons of illnesses as a punishment.

In our days nearly every treatment is through surgery and surgery is not a real treatment.

Doctors want to cut, to sew, to add, to destroy and nothing else! That is not treatment, it is a punishment. Every part of the body has been cut and opened and has suffered: head, heart, liver.... Every part of the body has been touched by knives. All this is another punishment; it will not give the patient rest, never! It is not a treatment. Everyone must believe in the existence of the Creator of the whole universe and must believe in His Will and Power. Only if He is willing, He will cure, if the sins are stopped. I am advising all mankind to hear and to listen to the words of the Lord. If they are not listening and obeying, that punishment will just rain on them every day, and there will be no treatment and no medicine for them. There will be no happiness and no rest for their bodies or minds or for their hearts. We are advising to use the divine treatments, just simple medicines, natural medicines, because our bodies belong to nature and its cure can only come through natural medicines.

Every artificial, synthetic medicine is against the nature of mankind. It harms and damages the structure of our bodies. Therefore, it must be stopped!

Mankind has no more patience. They are asking for quick treatment, and treatment through natural medicine takes time, but mankind has no patience and ask for their pain and suffering to stop quickly.

Mankind must also keep their bodies safe, keep everything away which harms our body which is written in the Holy Books and is prohibited by Almighty Allah. As long as you are going against these, you will be punished and have no treatment. Illnesses never come without a reason: either it is an Expiation of the Sins and to make that person to obey, or it is a test of the Faith and Patience.

The illnesses can be carried away by Divine Will without even using any medicine, just obey the Creator’s Laws, stop the Sins, restore people’s right and honor, do good deeds.

But it must be well known that every prohibited thing brings illnesses, unknown illnesses, As in our days unknown illnesses are coming to us through the increasing disobedience and there is no medicine, no treatment, because it is against the Command of the Lord of Heavens. If

they find some cure, another hopeless illness will come, because of the disobedience; it is endless....

**“Know for certain that when you break no one will heal you except you.” (Ibn Al-Qayyim)**

It is your connection with the Most Merciful, the Creator of all things, the Owner of all lives, Who cures in a second, do not ask money, Who forgives all sins, Whose Mercy is infinite, Whose blessings are countless, Who is a Protector, Supporter, Provider, Sustainer, Cherisher, Nourisher, Who is the Source of all good, with Whom is eternal peace and tranquility, happiness and success, and Paradise in the next life. Repent of sins, ask for forgiveness, follow Qur'an and Sunnah. Charity Removes Evil, Disasters, Sickness and Unfortunate Incidences!

#### HEALTHCARE REFORM

1. Cancer is a Jinn (Demonic) Possession.
2. Cancer is an Expiation of the Sins.

#### The Sins involve the Evil Jinn.

Disease Management:

- Stop the Sins. Refer to the book “Disease is an Expiation of the Sins”

- Repentance to Almighty Allah is obligatory

“A trial is not sent down except due to a Sin, and it is not lifted except with repentance.” (Ali Ibn Abi Talib)

- Follow Allah's commands and prohibitions
- Charity, good deeds (extinguish the Sins and accepted only through prayers).

#### THE CURE IS ONLY WITH ALLAH:

Ruqyah and Negative Ions, both are in the Noble Qur'an, and Prophetic Medicine. “Allah has not sent down any disease but He has also sent down the cure; the one who knows it, knows it and the one who does not know it, does not know it.”

Ibn Qayyim (may Allah have mercy on him) said:

“Whoever abandons the Qur'an would abandon treating sickness and seeking healing through it (the Qur'an).”

“And when I am ill, it is He who cures me.” (Qur'an, Ash-Shua'ra 26:80) Ash-Shafi (The One who cures) is one of the Allah's names

3. **Qur'an is a complete cure from all diseases and**

#### **should be the obligatory part of the Medical Education**

“How can a disease overcome the speech of the Lord of the heavens and the earth, the speech which if it was sent upon a mountain, would render that mountain to dust?

The speech that if it was sent upon the Earth, would break the Earth into pieces?

There is no illness of the heart and the body except that the Qur'an contains the means to guide how to cure it, why it happens, and how to protect from it, for those whom Allah gives the understanding of his book.”

#### 4. NO MORE CANCER SURGERY

We cannot cut Demon! Surgery, “cutting”, would hasten cancer spread and result in worse outcomes.” Surgery-spreads-the-Cancer”

#### 5. NO MORE CHEMOTHERAPY

Chemotherapy excites the Evil Jinn and contributes to the Cancer progression. It damages all organs (liver, heart, kidneys, lungs, nervous system, etc.) Another side effect of the chemotherapy is another cancer. Chemotherapy is a chemical weapon and crime against humanity and should be stopped.

#### 6. NO MORE CANCER RADIATION

Radiation excites the Evil Jinn and contributes to the quicker Cancer progression. With Chemotherapy and Radiation, the immune system is either compromised or destroyed, hence the person can succumb to various kinds of infections and complications, causing other diseases and cancer.

#### 7. NO MORE CANCER IMMUNOTHERAPY

#### 8. NO MORE CANCER HORMONOTHERAPY

#### 9. NO MORE STEM CELLS THERAPY

#### 10. NO ANY OTHER ANTI-CANCER TREATMENT

#### 11. NO CANCER VACCINE

There is no vaccine against Demons!

Demons are afraid of the Qur'an, Allah's words!

#### **12. JINN DISEASES (Jinn Possession, Evil Eye-Black Magic) should be obligatory part of Medical Education**

“Jinn Possession has been well-documented since Hippocrates period. But the term Jinn Possession is seldom mentioned in Medicine. Instead, the doctors speak about

the diseases with unknown causes and their symptoms are treated with drugs which take effect by turning the patients into virtual vegetables.” (Ibn Taymiyyah in 13<sup>th</sup> century!)

**13. The Demons do not like Qur'an and Negative Ions and this should be used as a Diagnostic tool and Treatment**

**14. Prophetic Medicine is over all other medicine and should be obligatory part of the Medical Education.**

**15. NO MORE CANCER GENETIC TESTS**

Demons can create any genetic mutations.

**16. NO MORE HORMONES TESTS**

**17. NO MORE IMMUNOLOGICAL TESTS**

**18. NO MORE PROPHYLACTIC MASTECTOMY**

It is not permissible to amputate a healthy limb due to suspicion that it may become diseased in the future as this is a form of transgression against that which Allah, the Exalted, has created and is not necessary. Moreover, the Jinn create Cancer where they want including on the post-mastectomy scar. And Cancer is an expiation of the Sins.

**19. NO MORE EUTHANASIA**

Allah is the Owner of all things and to Him is our Final Destination.

Our life, body and soul belong to Allah!

Everybody has his appointed time, destined by Almighty God.

Death should end naturally as ordained by God and without any interference/decision from the person's himself and without the assistance of a doctor or a court or anybody else. Euthanasia is forbidden by God.

“And it is not (possible) for one to die except by permission of Allah at a decree determined.” (Qur'an, Ali 'Imran 3:145)

“And do not kill the soul which Allah has forbidden, except by right. And whoever is killed unjustly - We have given his heir authority, but let him not exceed limits in (the matter of) taking life. Indeed, he has been supported (by the law).” (Qur'an, Al-Isra 17:33)

**20. No more World Cancer Day.**

It is wasting money and time which are from Allah and it is the innovation. Allah gave us the time only to remember Him and money to spend for the sake of Allah, help poor

people, orphans. We are accountable for every action and saying.

**21. NO MORE CANCER RESEARCHES**

Cancer is a Jinn (Demonic) Possession. The Knowledge of the Unseen is only with Allah, the Creator of all things. Do not waste Allah's money, you will be questioned.

REPENTANCE

**23.** Most of Charitable Organizations, unfortunately, collect money only to enrich themselves. To please the Most Merciful, you may spend Allah's money to feed poor, help orphans and spread Islam. And fear a Day when you will be returned to Allah. Then every soul will be compensated for what it earned, and they will not be treated unjustly.” (Qur'an, Al-Baqarah 2:281) Almighty Allah created us and He is the Only One Who knows how our body functions, the Only One Who cares, cures, gives eternal peace and happiness, wealth, health, provisions and the Only One Who forgives, guides us to the eternal Paradise.
